The Building

The Hostel is located in the 11th District of Buda, in the neighbourhood of the campus of the Budapest University of Technical Sciences on the corner of Budafoki Street and Irinyi Street. The building has excellent connection to the public transport system. Two tramlines connecting the place with the Grand Boulevard of Pest and five bus lines helps you to reach all the sight of the City. During the educational year the Hostel serves as a university dormitory of the Faculty of Electrical Engineering and Informatics. The 20 year old building has been completely refurbished in 2008.

It's a high-rise building of 21 stories, which offers a wonderful view of Budapest.

Kármán Campus Hostel

Hostel floors

Each of these general floors contains 16 rooms in 3 blocks, surrounding the U-shaped corridor. In the core area you will find four elevators, laundry, storages, kitchen, and dining room. A four-roomed lounge area is situated on the northern side.

During the educational year the Hostel serves as a university dormitory of the Faculty of Electrical Engineering and Informatics.

A typical room

Technical parameters, characteristics

The design was made by József Finta who is an Ybl-prize winner architect.

Parameters: 1000 beds. Size of the plot: 3277 sqm. Total built in area: 1062 sqm. It is a 20 story building with 16 hostel floors and 16 four bed rooms (64 persons) on each floor. The rooms are 20,3 sqm large containing corridor and bathroom as well. A medical surgery and infirmary has been placed on the second floor, while on the first floor you can find a banqueting hall, library a digital studio and office units. The ground floor houses another banquet hall, a buffet and some offices. In the basement can be fined the modern fitness gym and a sauna for your comfort.

You can use the meeting rooms, TV rooms, kitchenettes and lounge areas of each hostel floor.
